

*Some people come
into our lives and
quickly go --
Others stay for a
while, leave
footprints on our
hearts and we are
never, ever
the same.*

HEARTPRINTS ARE FOREVER

Muriel Ward O'Tuel, Ph.D.

Educator, Psychologist, Author

Heartprints are impressions made by our thoughts, feelings, words, and deeds. These impressions are perpetuated from generation to generation and remain embedded in hearts *forever*. **Positive heartprints are like seeds; they grow and multiply in the hearts of others. Negative heartprints are like germs; they are toxic and deadly for everyone. Positive heartprints** can break strongholds of negative thinking that has been going on for generations. Delta Kappa Gamma educators are marathon heartprinters who leave a positive legacy for:

- ♥ **DKG sisters**
- ♥ **Colleagues at work**
- ♥ **Family**
- ♥ **Friends**
- ♥ **Neighbors**
- ♥ **Strangers**
- ♥ **Everybody everywhere!!!!!!**

"The inherent goodness is . . . when we are kind, caring and gentle we feel good and feel most truly who we are." Tara Brach

"I am larger and better than I thought. I did not think I held so much goodness." Walt Whitman

"To the degree you give others what they need, they will give you what you need." Bill Conklin
